

February 2026

Dear Friends -

Hamilton Health Sciences Foundation is thrilled to share that the Legends Cup Golf Tournament, hosted by Titan Environmental, will be returning this year! The tournament will be taking place on Thursday August 20<sup>th</sup>, 2026, at Hidden Lake Golf Course in Burlington. Proceeds from fundraising efforts through the golf tournament will directly support the Pediatric Oncology Clinic at McMaster Children's Hospital.

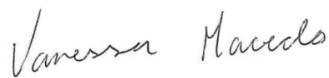

We are incredibly grateful to Titan Environmental, and their network of supporters, for their fundraising efforts that champion pediatric health care in our region. By raising vital funds for the Pediatric Oncology Clinic, young patients and their families have access to leading cancer treatment in the region.

With nearly 270,000 patient visits annually, McMaster Children's Hospital is one of Canada's leading pediatric health care facilities. As the second largest provider of inpatient pediatric services in Ontario, the hospital is home to Canada's largest neonatal intensive care unit including supportive maternal care, the largest pediatric mental health program in Canada, and the only inpatient pediatric cancer program in south-central Ontario.

It is through the kindness and generosity of our community champions that allows Hamilton Health Sciences Foundation to invest in state-of-the-art patient equipment and life-altering patient resources and amenities at McMaster Children's Hospital.

On behalf of the Hamilton Health Sciences Foundation, we appreciate your kind consideration and hope that you will choose to support the Legends Cup Golf Tournament.

Yours sincerely,

Vanessa Macedo  
Development Officer, Partnerships
